OFFICE OF THE FOOD CONTROLLER
IN MYSORE.

Bangalore, 2nd February 1919.

From

K. MATTHAN Esq.,

Food Controller in Mysore,

BANGALORE.

To

C. S. Balasundaram Iyer, Esq., B.A.,

Chief Secretary to the Govt. of Mysore,

B a n g a l o r e.

Sir,

With reference to your letter No. G.15051 of the 22nd January 1919, requesting that the question of fixing the price of paddy at 40% of that of rice in the Kadur District may be placed before the Food Supplies Committee and their views in the matter communicated to Government, I have the honour to enclose herein a copy of the resolution of the Committee at its meeting held on the 31st January 1919. Not only does the relative prices depend upon the milling facilities available, but there is also great variation between the outturn of rice from several varieties of paddy. It is, therefore, exceedingly difficult to fix a formula for the relative prices of rice and paddy. At the same time as the stockholders may not readily part with their stocks in anticipation of securing better and better prices for paddy it is necessary to fix a commandeering price for paddy to facilitate commandeering whenever it is found

found that stocks do not come freely into the market.

The question of maximum retail price for paddy being fixed was not considered by the Committee. But, I think this is also necessary as in many places especially in the malnad it is the practice to sell paddy instead of rice in retail.

I have the honour to be,

Sir,

Your most obedient servant,

Food Controller in Mysore.

Proceedings of a meeting of the Food Supplies Committee held in the Library Room of the Public Offices, Bangalore at 4 P.M. on Friday the 31st January 1919.

xx xx xx

5. With reference to letter No. H.C.601 of 17-18 dated 9th January 1919 from the Offg. Deputy Commissioner, Kadur District, about fixing the price of paddy at 40 per cent of that of rice in the Kadur District and with reference to letter No. G.15051 dated 22nd January 1919 from the Chief Secretary to Government on the same subject, it was resolved that as the relative prices of paddy and rice depend to a great extent on the milling facilities available in the various areas it was sufficient to fix maximum wholesale rates for the sale of rice and that in regard to paddy no maximum wholesale rates, need be fixed, but only commandeering rates may be fixed.
